

ADVANCED WEB PROJECTS

04 | javascript review

DESCRIPTION

The instructions for this assignment are in the corresponding HTML file.

OBJECTIVE

The purpose of this assignment is for students to practice working with several JavaScript language constructs: statements, variables, arrays, functions, and objects. In addition, students will gain a greater understanding of properties, methods, and global objects.

DEADLINE

This assignment is due at the beginning of the next class. Please commit and upload your file(s) to the master branch of your GitHub repository in a subfolder named "04 javascript review."

WEIGHT

This assignment carries a weight of 0.85.
